

PROFESSIONAL BEDDING CONCEPT FOR VETERINARY MEDICINE

Safety and comfort for the animal.
Versatile and easy to use.

Since 1961 we manufacture **quality products** for the medical and emergency services in human medicine. Decades of experience in welding of flat films is reflecting in our products in terms of **quality, durability and hygiene aspects**. We process uncompromisingly high quality and robust materials. The same quality standards we also set in veterinary medicine. **Special designs** on customer request and an individual product design are usually realisable.

Operating table pads

Framed welded treatment table pads with foam filling. Also available with handles for carrying anesthetized, weak or heavy animals.

With handles
 # 5345 60 x 110 cm, orange/black
